Breathe in the alpine air

So pure... it's delicious! Leave the bustle of everyday life and experience a pristine existence where pure water comes directly from the tap, the snowgums rustle around your windows, walking trails leave right from your door and tranquility sits snugly in the palm of your hand. Despite the easy access to the abundance of what mother nature offers, you can revel in being able to order a latte, indulge in a spa treatment or sit down to a true high country feast.

Breathe

Fancy an EASY snow holiday

As the only freehold village which sits above the snowline in Australia, Dinner Plain exudes a wonderful vibrancy during the Winter months. The village has a beginner ski run with lift, toboggan run, 35km of cross country ski trails, ski lessons, a luxury spa retreat or an exclusive Aveda hair design, pilates, sled dog rides and of course, snow play right outside your chalet – bringing the magic and fun of life in the snow right to your door... snow angels, snowmen, snowballs, snowshoeing and most importantly an EASY and relaxed snow holiday!

So close...

If you are looking for a snow holiday, rather than a ski holiday, Dinner Plain is perfectly located, just 10 minutes down the road from Hotham Alpine Resort. You can make the choice to head 'up the hill' for some serious skiing OR you can nestle back with a book in front of the fire and enjoy watching the snow fall outside your window. Perhaps take a gentle stroll around the snow covered village and grab a coffee... after a snooze. The choice is YOURS!

History

The romance of Australia's Colonial heritage in the high country rests with the Cattlemen and their huts — it's the making of movies... but in Dinner Plain, the reality of their place in history is right in front of you with many of Victoria's Huts within walking or easy driving distance.

Downloadable brochures on Victoria's huts and all the walking and mountain bike trails are available online at visitdinnerplain.com
